Hi guys, just that I will no to comment in vote for deleted topic (Ufo wardriving) because it's closed for the reason of it's not the good starting point for problem to solve because in fact it can't be solved like this because I have encounter problem with it and it's not accurate because there a different algorithms to work on it, so if you want to try it then contact me (faiel0242@gmail.com) because I have more experience with it but I think it's really not an good point to start at, hope you will understand the problem I've encounter with this so that not to repeated at other place. Thank you guys so much, cheers Dec 23, 2016 Ufo Wardriving is an app or program designed to find wifi password for most of these routers. May 8, 2020 Download Free Software Ufo Wardriving Portable and enjoy an ability to connect to your secure wifi network or hotspot. Miau Miau I'm a robot, i eat everything but i'm a nice robot, i don't speak. Posso avere un indirizzo email per inviarvi un link a Ufo Wardriving che lo avrebbe. I've been interested in ufowardriving for quite a while now, is there anything that i can do to get started, something like, a program that i could download? I have a good feeling that Ufowardriving is a good idea, I've heard it has been very successful at a few wifi and now I want to try it. Sono nato sulla rete e non avevo mai visto in passato un router o un pc che permetteva di identificare il coso che lo usa. Jul 29, 2020 There is an English version of Ufo Wwardriving available [.
