@kuraish said in the comment that
after the installation of mackichan
software, the problem is solved. We
don't support and answer regarding
how to resolve the issues in different
operating systems. I also use
windows 10. Thanks for @kuraish

Q: Spark structured streaming:
Current limit on session tracking
failed we had a structured streaming
spark project that we were running
that was working fine. We ported it
to a standalone machine (with
separate clusters of course) and
when we tried to run it, we found
the following error: Caused by:
java.lang.RuntimeException:
java.lang.RuntimeException:
Current limit on session tracking

failed. Overflow count: 16 exceeded. See MESSAGE for more details. at org.apache.spark.sql.execution.streaming.StreamExecution\$\$anonfun\$org\$apache\$spark\$sql\$execution\$streaming\$StreamExecution\$\$runStream\$1\$\$anonfun\$apply\$mcV\$sp\$1.apply\$mcV\$sp(StreamExecution.scala:623) at org.apache.spark.sql.execution.streaming.StreamExecution\$\$anonfun\$org\$apache\$spark\$sql\$execution\$streaming\$StreamExecution\$\$runStream\$1\$\$anonfun\$apply\$mcV\$sp\$1.apply(StreamExecution.scala:623) at org.apache.spark.sql.execution.streaming.StreamExecution\$\$anonfun\$org\$apache\$spark\$sql\$execution\$streaming\$StreamExecution\$\$runStream\$1\$\$anonfun\$apply\$mcV\$sp\$1.apply(StreamExecution.scala:623) at org.apache.spark.sql.execution.streaming.ProgressReporter\$class.compute(d4474df7b8
