Download Online HD 1080p.Q: How to call the index  
of an array in a Bash Script? So I've been reading up  
on arrays in Bash and I really want to make a script to  
do the following: assignments is an array that has a  
few strings that go into an assignment, which has  
some corresponding grades and the number of  
assignments given, such as: "Student name"  
"Assignment 1" "Grades 1-10" "Assignment 2"  
"Grades 1-10"... I want to make it so that every  
assignment is numbered sequentially, so "Assignment  
1" would be the first assignment, and it would be  
named "Assignment 1". I was thinking something

---

along the lines of `num=${#assignments[@]} ... for`  
`((i=0; i < num; i++))`
