Macro Recorder, Audio Recorder, AutoScribe, and Tape Recorder is the perfect desktop recording application, perfect for anyone who wants to record their computer's actions with ease. KEYMACRO also allows you to record audio files, not only in MP3 format, but also in OGG, WMA, WAV, and MIDI files. Features: You can record your computer's actions in real time with this all-in-one recorder for any operating system. Record your screen's videos and capture the window's screen in MPEG, AVI, OGG, and other formats. Capture audio files (MP3, OGG, WMA, WAV, and MIDI) in your computer, and save them to your disk or upload them to your server. Record anything that is displayed on your screen or highlighted in a text editor, such as browsing web sites, editing documents, launching applications, and many more. Allows you to edit your recordings later on. You can cut, edit, duplicate, and paste the clip, or split it to multiple files. Keymacro is a simple and complete screen-recording program that comes with all the features you need. The tool is lightweight, easy to use, and simple to install, so you'll never miss a single action on your screen. How to install: - Run the EXE file of the program on the desired computer. - Keymacro displays a small window where you can add your recording URL. - Press "Add URL" to record any action from any web page. - When you're done, save and exit. Keymacro doesn't require admin privileges. Its simple GUI allows you to use it as a simple screen recorder in case you need a screen-recording tool for capturing just the screen. Keymacro is an ideal tool for anyone who needs to make screencasts, videos, or audio recordings. Get it from the link below: Photo Sketch is a simple tool to add artistic touches to your photos and drawings. The application lets you create photo enhancements with effects like drawing, line art, drop shadow, and reflections. Compatibility issues with newer Windows Before proceeding any further, you should know that it doesn't work properly on newer Windows versions. In our tests, we attempted to install Photo Sketch on Windows 10 but, although no errors were indicated, 70238732e0
