ASUS Keyboard Pro The first thing most users will notice is the striking industrial design, bringing the same premium feel and user experience to a keyboard that has long been a standard in professional workplaces. The other distinctive features include ASUS Splendid Illumination and backlighting technology, creating up to an eight-level colour scheme and dimming capability, the first keyboard ever to offer this. With the new ASUS Keyboard Pro there is no need to worry about awkward lighting or complicated settings; just plug it into your USB port and enjoy the best typing experience possible. Product description The ASUS TUF Gaming-series was born from the same design principles that led to the ASUS GeForce GTX 1080 OC edition graphics cards, optimized for the gaming needs of enthusiasts. By creating a card that was lighter and with slightly more compact dimensions, we were able to create a card that is more efficient in every aspect, but without any sacrifices to performance. The TUF Gaming cards adopt the same black heatspreader and are available in a wide range of customizations and colors. The I/O in the back panel was also upgraded to provide a full connection to VRM, allowing you to install up to dual GPU configurations. The ASUS AI Hotkeys are a must have tool for your system. With the ASUS AI Hotkeys you can customize your own settings and shortcuts to a full level, which allows you to quickly access any app and quickly launch your favorite games. Once you are done setting your preferences, just press the button and it will automatically save the settings. With the Android Lollipop operating system, ASUS has implemented a special Quick Launch feature that allows you to access to all your apps in an instant. To set the app launcher, simply click on the three-line notification icon in the lower-right corner of your screen and launch the Quick Launch page. Once on the launcher page, simply choose the app you want to launch. You can also quickly access the settings screen for the app by double tapping on the app icon in the Quick Launch page. Some of the apps that you can access directly from the Quick Launch page are: 1. Chrome – To open Google Chrome 2. Facebook – To open Facebook 3. Gmail – To open Gmail 4. Google Maps – To open Google Maps 5. YouTube – To open YouTube 6. WhatsApp – To open WhatsApp 7. Hangouts – To open Hangouts 8. Facebook Messenger – To open Facebook Messenger 9.
