CLEAN AND RESTORE YOUR DEVICE

Before listing your mobile phone for sale, follow these cleaning and restoration tips:

Clean the Exterior properly: Use a microfiber cloth or screen cleaning solution to gently clean the phone's screen, body, and buttons. Remove any dust, fingerprints, or smudges, and try to give it a polished appearance.

Factory Reset: Do not forget to perform a factory reset to erase all personal data and return the phone to its default settings. This protects your privacy and allows the new owner to establish the device as if it were new.
