# Introduction

In an era marked by a growing awareness of environmental issues and a pressing need for sustainable solutions, the transportation industry finds itself at a pivotal moment of transformation. Electric vehicles (EVs) have emerged as a beacon of hope in this shift towards cleaner mobility. At the forefront of this revolution stands Zap Charging, a pioneering company dedicated to revolutionizing the way we power and move our vehicles.

**73 PLATE**

Who's lucky enough to be getting 73 plate in September?  
Have you gone electric?  
Look no further than Zap for a reliable & efficient charging solution

# About Us

At Zap Charging, we believe in a future where mobility is not only efficient and convenient but also sustainable and environmentally responsible. As a leading provider of electric vehicle charging solutions, we are committed to accelerating the adoption of electric mobility and driving positive change in the transportation sector. With a focus on innovation, accessibility, and sustainability, Zap Charging is reshaping the way we think about mobility and paving the way for a cleaner, greener future.

# WEST WAY

YOUR NISSAN, YOUR WAY.

**We have recently installed 18 of our ZAP 07 chargers into West Way Nissans Workshops, in time for the arrival of their fantastic new car the Nissan ARIYA.**

**Trust ZAP to install 7kw & 22kw AC chargers. We also supply and install 60KW+ DC Rapid Chargers ideal for public charging.**

**Get in touch and see how ZAP can help you future proof your business. Don't forget to ask us about the Grants you may be eligible for.**

# Mission

Our mission at Zap Charging is simple yet ambitious: to empower electric mobility through innovative charging solutions that are accessible, reliable, and sustainable. We envision a world where electric vehicles are the norm, where charging infrastructure is as ubiquitous as gas stations, and where transportation is not only efficient but also emission-free. By providing cutting-edge charging technology and expanding our network of charging stations, we are working towards making electric mobility a reality for everyone, everywhere.

## CUSTOMER REVIEW

customer photo

Google Review

Fantastic company and very professional. All questions answered and very happy with the final outcome. Would definitely recommend and will continue to use ZAP vehicle charging. Thanks guys

Google Review

Fantastic company - very clear information given, great price for the charger and had no issues with the installation! I would highly recommend using Zap.
