INTRODUCTION

In a world where even the most basic necessities can be out of reach for many, access to proper footwear can significantly alter the trajectory of an individual's life. Lyttle Feet, a dedicated not-for-profit organization, stands at the forefront of this transformative journey. Through their unwavering commitment to shoe donations, Lyttle Feet brings hope, dignity, and empowerment to communities in need.

ABOUT US

The Lyttle Feet movement is more than just a charity; it's a movement driven by kindness and a strong belief in the power of giving. Lyttle Feet was started on the idea that everyone should be able to get good shoes. Their goal is to give new and gently used shoes to kids and people who are having trouble with money. Lyttle Feet works with schools, hospitals, and community centres all over the USA to make sure that their gifts get to the people who need them the most.

MISSION

Our goal at Lyttle Feet is easy but important: to change lives by giving people the right shoes. We believe that shoes are more than just a basic need; they're a sign of respect, freedom, and chance. By giving shoes to people who need them, we hope to give them more power, improve their self-esteem, and make their lives better overall. Our final goal is to make the world a better place for everyone by giving everyone the tools they need to succeed and reach their full potential.
