Understanding Satta King: The Basics

Satta King, rooted in the 1960s Matka gambling tradition, is a lottery-style game where players bet on numbers (00–99) drawn daily across various markets. Today, it's a digital phenomenon, with platforms like **Real Satta Bazar** offering results and historical data for markets like Faridabad, Ghaziabad, Gali, and Desawar. Each market has specific draw times, making it a dynamic space for enthusiasts tracking **Real Satta King** or **Matka Satta King** updates.

Key markets include:

- **Faridabad:** Results announced around 6:00 PM IST, central to **Faridabad Satta today**.
- **Ghaziabad:** Draws at 8:45 PM IST, fueling **Ghaziabad ka Satta King** interest.
- **Gali:** Evening results, widely followed in North India.
- **Desawar:** Night draws, often a benchmark for other markets.

These markets drive searches for **Ghaziabad Faridabad Satta King** and **King Satta Faridabad**, with players analyzing patterns to make informed guesses.

Faridabad Satta Today: Latest Results and Insights

For those searching **Faridabad Satta today**, the latest result as of September 27, 2025, is **60**, announced at 6:00 PM IST. This follows a month of fluctuating numbers, with notable results like 96 (September 9) and multiple zeros (00) earlier in September. The Faridabad market is known for its midday excitement, making it a focal point for **King Satta Faridabad** followers.

Recent trends in Faridabad show:

- **Zeros are frequent:** The number 00 appeared four times in September 2025, a hot pick for **Matka Satta King** strategies.
- **Highs and lows:** Numbers like 96 and 00 reflect volatility, with an average result of 48 for the month.
- **Popular endings:** Numbers ending in 0 or 5 (e.g., 90, 55) occur in roughly 25% of draws, hinting at a pattern.
